TERMS & CONDITIONS

1. INTERPRETATION

1.1 Definitions. In these Conditions, the following definitions apply:

Business Day: a day (other than a Saturday. Sunday or a public holiday) when banks in London are open for business.

Conditions: these terms and conditions as amended from time to time in accordance with clause 14.7.

Contract: the contract between the Seller and the Buyer for the supply of Goods and services (where applicable) in accordance with these Conditions.

Contract Price: the price of the Goods invoiced by the Seller to the Buyer in accordance with clause 9.3.

Force Majeure Event: has the meaning given to it in clause 14.1.

Goods: the goods (or any pan of them) set out in the Order.

Intellectual Property Rights: all patents, rights to inventions, utility models, copyright and related rights, trade marks, service marks, trade, business and domain names, rights in trade dress or get-up, rights in goodwill or to sue for passing off, unfair competition rights, rights in designs, rights in computer software, database right, topography rights, moral rights, rights in confidential information (including know-how and trade secrets) and any other intellectual property rights, in each case whether registered or unregistered and including all applications for and renewals or extensions of such rights, and all similar or equivalent rights or forms of protection in any part of the world.

Order: the Buyer's order for the supply of Goods, as set out in the Buyer's purchase order form, or the Buyer's written acceptance of the Seller's quotation, or as the case may be.

Seller: TradeChoice Carpet & Flooring (Trading) Limited, its successors or assigns.

2. BASIS OF CONTRACT

2.1 The Order constitutes an offer by the Buyer to purchase Goods in accordance with these Conditions.

2.2 The Order shall only be deemed to be accepted when the Seller issues written acceptance of the Order at which point and on which date the Contract shall come into existence.

2.3 The Contract constitutes the entire agreement between the parties. The Buyer acknowledges that it has not relied on any statement, promise or representation made or given by or on behalf of the Seller which is not set out in the Contract.

2.4 Any samples, drawings, descriptive matter or advertising issued by the Seller and any descriptions of the Goods contained in the Seller's catalogues or brochures are issued or published for the sale purpose of giving an approximate idea of the Goods described in them. They shall not form part of the Contract or have any contractual force. Errors and omissions excepted.

2.5 These Conditions apply to the Contract to the exclusion of any other terms that the Buyer seeks to impose or incorporate, or which are implied by trade, custom, practice or course of dealing.

2.6 Any quotation given by the Seller shall not constitute an offer, and shall be for the current price and strictly limited to the type and quantity of Goods as stated in the quotation.

3. GOODS

3.1 The Goods arc described in the Seller's catalogue as modified by any applicable specification.

3.2 To the extent that the Goods arc to be manufacturing in accordance with a specification supplied by the Buyer, the Buyer shall indemnify the Seller against all liabilities, costs, expenses, damages and losses (including any direct, indirect or consequential losses, loss of profit, loss of reputation and all interest, penalties and legal and other reasonable professional costs and expenses) suffered or incurred by the Seller in connection with any claim made against the Seller for actual or alleged infringement of a third party's intellectual property rights arising out of or in connection with the Seller's use of the specification. This clause 3.2 shall survive termination of the Contract.

3.3 The Seller's employees or agents are not authorised to make any representations concerning the Goods unless confirmed by the Seller in writing. The Buyer acknowledges that it does not rely on, and waives any claim for branch of any such representations which are not so confirmed.

3.4 The Seller is unable to advise the Buyer on the fitness of the Goods for any particular purpose, their storage or application. Unless the Seller gives written advice or a written recommendation, the Buyer is entirely responsible for satisfying itself that the Goods are fit for the intended use either by relying on their own expertise or by obtaining professional advice.

3.5 The Seller reserves the right to amend the specification if required by any applicable statutory or regulatory requirements. Dimensions and other physical properties of the Goods are subject to reasonable manufacturing tolerances.

4. DELIVERY OF GOODS

4.1 The Seller shall ensure that: (a) each delivery of the Goods is accompanied by a delivery note; and (b) if the Seller requires the Buyer to return any packaging material to the Seller, that fact is clearly stated on the delivery note. The Buyer shall make any such packaging materials available for collection at such times as the Seller shall reasonably request. Returns of packaging materials shall be at the Seller's expense.

4.2 The Seller shall deliver the Goods to the location set out in the Order or such other location as the parties may agree (Delivery Location) at any time after the Seller notifies the Buyer that the Goods are ready. Delivery shall be as near as possible to the Delivery Location, where the Seller believes that such place is suitable for unloading during the normal working hours of the Seller on a Business Day.

4.3 Where the Goods are delivered by the Seller, delivery of the Goods shall be completed on the Goods' arrival at the Delivery Location. The Buyer shall be solely responsible for the unloading of the Goods and the Seller shall not be liable for any damage that occurs during such unloading. In the event that the same exceeds a period of one hour then demurrage may be charged by the Seller to the Buyer.

4.4 Where the Goods are collected by the Buyer then delivery of the Goods shall be completed upon completion of the loading of the Goods. The Seller shall not be liable for any damage that occurs during the loading or unloading of the Goods.

4.5 Any claims by the Buyer in respect of alleged shortage or damage or loss in transit must be notified to the Seller within 24 hours of delivery and confirmed in writing within three days of delivery taking place. Any evident damage to external packaging must be the subject of an endorsement on the Seller's delivery note at the time of delivery. No claim can be made by the Buyer under this clause if an acceptance note relating to the Goods has been signed by the Buyer or his agent or employee without reference to the alleged damage, shortage or loss in transit.

4.6 Any dates quoted for delivery of the Goods arc approximate only, and the time of delivery is not of the essence. The Seller shall not be liable for any delay in delivery of the Goods that is caused by a Force Majeure Event or the Buyer's failure to provide the Seller with adequate delivery instructions or any other instructions that are relevant to the supply of the Goods.

4.7 If the Seller fails to deliver the Goods, its liability shall be limited to the costs and expenses incurred by the Buyer in obtaining replacement goods of similar description and quality in the cheapest market available, less the price of the Goods. The Seller shall have no liability for any failure to deliver the Goods to the extent that such failure is caused by a Force Majeure Event, the Buyer's failure to provide the Seller with adequate delivery instructions for the Goods or any relevant instruction related to the supply of the Goods.

4.8 If the Buyer fails to accept or take delivery of the Goods within seven Business Days of the Seller notifying the Buyer that the Goods are ready, then except where such failure or delay is caused by a Force Majeure Event or by the Seller's failure to comply with its obligations under the Contract in respect of the Goods: (a) delivery of the Goods shall be deemed to have been completed at 9.00 am on the Business Day following the day on which the Seller notified the Buyer that the Goods were ready: and (b) the Seller shall store the Goods until delivery takes place, and charge the Buyer on an indemnity basis for all related costs and expenses (including insurance).

4.9 If 28 days after the Seller notified the Buyer that the Goods were ready for delivery the Buyer has not accepted or taken delivery of them, the Seller may resell or otherwise dispose of pan or all of the Goods and, after deducting reasonable storage and selling costs, account to the Buyer for any excess over the price of the Goods or charge the Buyer for any shortfall below the price of the Goods.

4.10 The Seller may deliver the Goods by instalments, which shall be invoiced and paid for separately. Each instalment shall constitute a separate contract. Any delay in delivery or defect in an instalment shall not entitle the Buyer to cancel any other instalment.

4.11 The Seller shall be under no obligation to make any delivery of Goods to the Buyer if the Buyer is in breach of any of these Conditions.

5. QUALITY OF GOODS

5.1 The Seller warrants that on delivery, and for a period of 12 months from the date of delivery (Warranty Period). the Goods shall: (a) be as described in the Seller's catalogue or in any specification as appropriate; (b) be free from material defects in design, material and workmanship; and (c) be of satisfactory quality (within the meaning of the Sale of Goods Act 1979).

5.2 Subject to clause 5.3 if: (a) the Buyer gives notice in writing during the Warranty Period within a reasonable time of discovery that some or all of the Goods do not comply with the warranty set out in clause 5.1; (b) the Seller is given a reasonable opportunity of examining such Goods: and (c) the Buyer (if asked to do so by the Seller) returns such Goods to the Seller's place of business at the Buyer's cost, then the Seller shall, at its option, repair or replace the defective Goods, or refund the price of the defective Goods in full.

5.3 The Seller shall not be liable for the Goods' failure to comply with the warranty in clause 5.1 if: (a) the Buyer makes any further use of such Goods after giving a notice in accordance with clause 5.2; (b) the defect arises because the Buyer failed to follow the manufacturer's oral or written instructions as to the storage, installation, commissioning, use or maintenance of the Goods or (if there are none) good trade practice; (e) the defect arises as a result of the Seller following any drawing, design or specification supplied by the Buyer; (d) the Buyer alters or repairs such Goods without the written consent of the Seller; (e) the defect arises as a result of fair wear and tear, wilful damage, negligence, or abnormal working conditions; or (l) the Goods differ from the specification as a result of changes made to ensure they comply with applicable statutory or regulatory standards; or (g) the Buyer has not paid in full for the Goods.

5.4 Except as provided in this clause 5.4, the Seller shall have no liability to the Buyer in respect of the Goods' failure to comply with the warranty set out in clause 5.1.

5.5 The terms of these Conditions shall apply to any repaired or replacement Goods supplied by the Seller under clause 5.2.

6. RETURNS

6.1 Goods returned at the Buyer's request not on the Seller's own vehicle shall be at the Buyer's risk regarding insurance for a value not less than the full invoice price.

6.2 Subject to clause 5 specifically ordered, cut product, or non-stock items are not returnable.

6.3 Costs of collection and re-delivery of replacement items will be met by the Buyer unless attributable to the negligence of the Seller. Only Goods returned in saleable condition can be accepted for credit. The Seller reserves the right to levy a re-stocking and handling charge. All returns must be sanctioned by the Seller prior to Goods being brought back.

7. TITLE AND RISK

7 .1 The risk in the Goods shall pass to the Buyer on completion of delivery where the Goods are delivered by the Seller. Where the Goods are collected by the Buyer, the risk in the Goods shall pass to the Buyer when the employees or agents of the Seller have completed lading to the satisfaction of the vehicle's driver.

7.2 Title to the Goods shall not pass to the Buyer until the Seller has received payment in full (in cash or cleared funds) for: (all the Goods; and (b) any other goods that the Seller has supplied to the Buyer.

7.3 Until title to the Goods has passed to the Buyer, the Buyer shall: (a) hold the Goods on a fiduciary basis as the Seller's bailee; (b) store the Goods separately from all other goods held by the Buyer so that they remain readily identifiable as the Seller's property; (c) not remove, deface or obscure any identifying mark or packaging on or relating to the Goods; (d) maintain the Goods in satisfactory condition and keep them insured against all risks for their full price on the Seller's behalf from the date of delivery; (e) notify the Seller immediately if it becomes subject to any of the events listed in clause 12.1; and (l) give the Seller such information relating to the Goods as the Seller may require from time to time, but the Buyer may resell or use the Goods in the ordinary course of its business provided that any such sale of the Goods shall take place as the Seller's bailee and that the entire proceeds of sale are held in trust for the Seller and shall not be mingled with other monies or paid into any overdrawn bank account.

7.4 If before title to the Goods passes to the Buyer the Buyer becomes subject to any of the events listed in clause 12.1, or the Seller reasonably believes that any such event is about to happen and notifies the Buyer accordingly, then, provided the Goods have not been resold, or irrevocably incorporated into another product, and without limiting any other right or remedy the Seller may have, the Seller may at any time require the Buyer to deliver up the Goods and, if the Buyer fails to do so promptly, enter any premises of the Buyer or of any third party where the Goods are stored in order to recover them.

8. BUYER'S OBLIGATIONS

8.1 The Buyer shall: (a) ensure that the terms of the Order and any specification are complete and accurate; and (b) in the event that the Goods do not accord with the Order, the Buyer must notify the Seller within 24 hours from the day of delivery and be confirmed in writing to the Seller within three days, failing which the Buyer will be deemed to have accepted the Goods.

9. CHARGES AND PAYMENT

9.1 The price for Goods shall be the price set out in the Order or, if no price is quoted, the price set out in the Seller's published price list as at the date of delivery. The price of the Goods is exclusive of all costs and charges of packaging, insurance, transport of the Goods which shall be paid by the Buyer when it pays for the Goods.

9.2 The Seller reserves the right to increase the price of the Goods by giving notice to the Buyer at any time before delivery, to reflect any increase in the cost of the Goods to the Seller that is due to: (a) any factor beyond the control of the Seller (including foreign exchange fluctuations, increases in taxes and duties, and increases in labour, materials and other manufacturing costs); (b) any request by the Buyer to change the delivery date(s), the number of deliveries, quantities or types of Goods ordered, or any specification; or (c) any delay caused by any instructions of the Buyer in respect of the Goods or failure of the Buyer to give the Seller adequate or accurate information or instructions in respect of the Goods.

9.3 The Seller shall invoice the Buyer on or at any time after completion of delivery of the Goods.

9.4 The Seller shall have the right to invoice the Buyer by e-mail where the Buyer has consented to invoices being submitted in this manner. Where invoices are sent out using electronic mail they will be deemed to have been received by the Buyer on the date when they are sent provided that the electronic mail is transmitted between the hours of 9:00am and 5.00pm on a Business Day. If the invoice is sent by e-mail from the Seller to the Buyer outside of the above times then the Buyer will be deemed to have received the invoice on the next Business Day.

9.5 The Buyer shall pay each invoice submitted by the Seller: (a) by the end of the month following the month of issue of the invoice: and (b) in full and in cleared funds to a bank account nominated in writing by the Seller, and time for payment shall be of the essence of the Contract.

9.6 All amounts payable by the Buyer under the Contract are exclusive of amounts in respect of value added tax chargeable from time to time (VAT'). Where any taxable supply for VAT purposes is made under the Contract by the Seller to the Buyer, the Buyer shall, on receipt of a valid VAT invoice from the Seller, pay to the Seller such additional amounts in respect of VAT as are chargeable on the supply of the Goods at the same time as payment is due for the supply of the Goods.

9.7 Without limiting any other right or remedy of the Seller, if the Buyer fails to make any payment due to the Seller under the Contract by the due date for payment (Due Date), the Seller shall have the right to charge interest on the overdue amount at the rate of 2% per month of the Contract Price from the Due Date until the date of actual payment of the overdue amount whether before or after judgment.

9.8 The Buyer shall pay all amounts due under the Contract in full without any deduction or withholding except as required by law and the Buyer shall not be entitled to assert any credit, set-off or counterclaim against the Seller in order to justify withholding payment of any such amount in whole or in part. The Seller may, without limiting its other rights or remedies, set off any amount owing to it by the Buyer against any amount payable by the Seller to the Buyer.

9.9 Non-payment by the Buyer by the Due Date shall entitle the Seller to demand payment of all outstanding balances under the Contract or any other contract or agreement between the parties whether due or not and to cancel forthwith any outstanding orders and credit facilities without prejudice to all other rights the Seller may have.

9.10 The Buyer must pay to the Seller all and any reasonable expenses and legal costs incurred by the Seller in taking any steps, including Court action, to enforce the Buyer's obligations under the Contract for the payment of any monies owed by the Buyer to the Seller.
